Welcome to Bumat

Bumat is the world's leading manufacturer of turntables. We supply turntables of any size and carrying capacity. You find our turntables at exhibitions and events, in showrooms and museums, in industrial facilities and theatres, in theme parks as well as in private homes. We are also specialists for kinetic systems like rotating architecture and residential applications.

We manufacture bespoke kinetic constructions for Superyachts: Rotating Sunbeds, Rotating Sofas as well as Turntable Applications.

Bumat is an owner-run family business, which has been installing turntables and kinetic systems for well-known customers all around the globe since the company was founded in 1948.

Made in Germany. Since 1948.
